Abstract

This contribution intends to provide a summary of all proposals on NNPF SEI messages, including those included in the VSEI CDAM ballot comments in MPEG input document m60678. It is suggested that this summary is used for the reviewing of these proposals, such that the discussions can be in a more structured and efficient manner.

List of proposals on NNPF SEI messages

This category of proposals is listed in the agenda item 6.1, including 12 contributions and 58 ballot comments. These contributions and summaries of the related proposals are listed below.
