HEADER EXCERPT FROM SOURCE DOCUMENT

Abstract

In this contribution the following methods are proposed to signal IRAP or GDR at picture header level:

IRAP or GDR picture indicator in at the beginning of picture header.

PH_IRAP_GDR_NUT indicating an IRAP or GDR picture.

Signalling slice layer NUTs as PH_NUTs at picture header. Slice layer NUTs are replaced by SLICE_NUT.

Recovery picture poc count signalling for mixed mixed nal unit type pictures.
